Mr Michael Hall  
Care Residential Properties  
Wellington

Dear Michael

It gives me much pleasure to write this letter of commendation for you and your company's expertise in property management. As you know, we have been your clients over two extended periods while we were overseas on assignment, covering about a decade.

At all times we had full confidence in you, your colleagues and the company. We found you fair, absolutely reliable, trustworthy and extremely competent. Your tenant selection processes were first class and your inspections were always on time while your reporting was prompt and accurate.

Your accounting procedures were timely and dependable. Accordingly, if we ever have to use property management services again, you would be our first point of contact. We can recommend you without hesitation and would be pleased to answer any questions from prospective clients. If you wish, please display this letter on any information media you use.

Thank you again for all you did for us. You gave us great confidence and peace of mind when we were tens of thousands of kilometres from home.

I wish you well in your endeavours,

Yours sincerely

  
Brian Lockstone
