Reference for Care Residential Property Management

Our association with Michael and Carolyn Hall at Care Property goes back over ten years. Over this time they have looked after our Wellington homes during the lengthy periods we have been living overseas.

Care's service, which covered everything from selecting and managing the tenants and tenancies, to property maintenance and rates, has always been of a very high standard. During the many years Care has managed our properties, we have never had problems with tenants, and to our knowledge our tenants have always been happy with Care as property managers. Care's attention to maintenance issues is prompt and meticulous, and their record-keeping and billing system is timely and reliable.

While our association with Care is now ending as we have sold both our Wellington properties, we have been more than satisfied with their service over the years. We would not hesitate to use Care again if the need arose and we also highly recommend them as property managers to others. We would like to extend a special thanks to Michael Hall for his professionalism over the years.
