Dear Michael,

Sean and I wanted to send a letter to express our gratitude for the excellent service you provided during our tenancy at 93 Kelburn Parade. We very much enjoyed our time in Wellington, and having such a lovely and well-maintained property to live in made all the difference! We appreciate that you responded to all of our calls and enquiries in a timely and professional manner, and handled any issues (which were few) personally. Please feel free to use this letter as a reference for any potential owners and tenants as a testament to your aptitude of responsible and professional management and wonderful client service.

All the best,
